

**2006 LLA Resolution -- Hurricane Assistance Appreciation
March 30, 2006**

Whereas hurricanes Katrina and Rita caused massive devastation to libraries along the Gulf Coast of Louisiana, and

Whereas libraries, library associations, library vendors, and individuals from around the United States have donated time, materials, and money to assist with rebuilding and renovating the damaged libraries, and

Whereas the members of the Louisiana Library Association and the state's entire library community are very grateful for this generosity;

Be it therefore resolved, the Louisiana Library Association formally expresses its gratitude to all the people and organizations around the country that reached out to assist Louisiana libraries during this difficult time.
